FEATURES

The e-Learning course *PM Fundamentals* is a solid introduction to Project Management. It gives insights to the various standards and concepts. With its 36 lessons grouped into 9 thematic modules, the learner is introduced step-by-step to project management, its reasoning as well as its instruments and methods. Thanks to the numerous examples and exercises, which are available in a variety of formats, the learner can put in practice the acquired knowledge in a dynamic way.

The lessons are structured as follows:

- „Theory“ explains the theme.
- „How-to-do“ gives a step-by-step introduction to concepts
- „Exercises“ allow the participants to put in practice the learned concepts. They can repeat and deepen the theory
- „Examples“ show specific cases
- „Checklists“ show all the important points that have to be considered. These are also very helpful for the daily work.
- „Pitfalls“ show which mistakes not to do.

PM Fundamentals is available in different languages: English, German, French.
