FEATURES

Our *X-AM CAPM®* preparation tool is not only an exam simulator that allows certification candidates to train in real conditions, it also serves to practice exam-like questions, review answers, and learn from mistakes. Thanks to its integrated tracking system, the tool allows to monitor the learner's progress over time and view the feedbacks for each question.

The tool includes approximately 570 questions and enables certification candidates to prepare for the CAPM® examination in an efficient way.

With its user-friendly interface, the *X-AM* tool can be used on different devices. Learners can practice anytime and anywhere!

The tool offers different learning modes:

- Learn by Domain
- Do a customized exam,
- Do an entire exam simulation of 150 questions within 2.8 hours.

X-AM CAPM® is available in different languages: English, German, French, Spanish, Italian.
