FEATURES

This course *PM Essentials* is a basic introduction to project management for people who need some elementary comprehension. The course focuses on the main best-practice approaches in Project Management and gives an insight into standard methods and concepts. With its 31 lessons grouped into 9 thematic modules, the learner is introduced step-by-step to project management, its reasoning as well as its instruments and methods. Thanks to the numerous examples and exercises, which are available in a variety of formats, the learner can put in practice the acquired knowledge in a dynamic way.

The lessons are structured as follows:

- „Theory“ explains the theme.
- „How-to-do“ gives a step-by-step introduction to concepts
- „Exercises“ allow the participants to put in practice the learned concepts. They can repeat and deepen the theory

PM Essentials is available in different languages: English, German, French.

Extra service: The learner can choose whether he/she wants to be accompanied by an experienced tutor during the course. More information on the Tutoring can be found in the dedicated fact sheet.
